Allowance

1. The following is an examiner's statement of reasons for allowance: The cited prior art alone or in combination fails to teach the claimed invention set forth in claims 1, 6-11, 13-17, 22-30, 35-57 and 59-65. Specifically, the invention set forth these claims are directed to a method, system and a computer-readable medium for ascribing a ratee reputation to an entity by accessing a rater reputation and receiving a ratee reputation and generating a ratee reputation adjustment from the rater reputation and adding the reputation adjustment to the initial ratee reputation and also specific weighted averages of the ratings with the rater reputation for the respective entity providing the rating. The closest prior art, Zacharia et al, teaches a rating reputation mechanism, but fails to include specific methods used in generating a reputation adjustment and how the reputation adjustment affects the initial ratee reputation and also fails to teach the specific weighted average methods used to generate a ratee reputation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
